Dear David,

I wish to take this opportunity to thank you and your staff for all of the excellent architectural design work that you have provided to us during the past four years. It is truly a pleasure to work with individuals who share our passion for attention to detail and "outside of the box" thinking.

In addition to some pretty clever solutions, your accessibility and quick response to specific detail design requests have allowed us to maintain some very aggressive construction schedules and for that I also thank you.

I look forward to our continued partnership as part of the on-going process to improve our motorsports facilities and would not hesitate to recommend Redline Design Group to anyone in need of the many fine services offered by your company.

Very truly yours,
