Dear Brooks, Amy and Billy:

I wanted to write this letter to express my sincere appreciation for your expertise, advice and tremendous effort with regards to our office build-out earlier this year. We could not be happier with the outcome. From designing the entire layout of our office space, to directing us with choices for each and every finish, to selecting our new furniture; your team's dedication, hard work, and integrity (not to mention the extraordinary talent!) was evident across the board. In addition, each member of the team on our side was extremely busy with responsibilities related to our firm's regular business. Redline always valued our time and came to every meeting organized and efficient, which proved to be invaluable to us.

The real-estate committee at BlackArch would highly recommend Redline Design to any business looking to move or re-design their office space and would like to serve as a reference at any time. Thanks again for helping lead an effort that "brings to life" the story of BlackArch Partners to our employees, recruits, clients and other visitors.

Best Regards,

A handwritten signature in cursive script that reads "Jane Caldwell".
