Dear Tom and Brooks:

I would like to thank you for all of your help with our clients on recent projects. You have done an outstanding job of listening to them, gathering their needs and wants, and putting them on paper within the budgets we develop. Your interior designs have been eye-catching as well as budget-conscious, which is hard for some other architecture firms to achieve. The people you have put on our projects have been great at working throughout the project and not just putting together a plan and walking away.

Your help and input as a team member is greatly appreciated not only by Keystone, but our clients have also provided similar feedback on your services. Keep up the good work and I look forward to our next project.

Sincerely,

A handwritten signature in blue ink that reads "Andrew Laing". The signature is fluid and cursive, with a long horizontal flourish extending to the right.
