

REDLINE Design Group
c/o Brooks Runkle & Amy Taylor
1023 W. Morehead St.
Suite 220
Charlotte, NC 28208

Dear Brooks and Amy:

We wanted to write a letter of appreciation for your team's work on our new Charlotte office on the 38th floor of the One Wells Fargo building. While we have been in this building since 1988, we have always been located on the 29th floor. The thought of a move after close to 28 years, was daunting. Our ability to settle on moving within the same building was simplified by having you all on our team from the beginning. The expertise and advice that you provided us throughout the entire process was exceptional. We could not be happier with the final product. We knew that designing and furnishing a brand new space would take a significant amount of time and energy and attention to detail. You all never missed a beat. Your ability to bring our vision to reality has provided the owners and our teammates a special place to apply our trade for years to come.

The Partners at WEDGE Capital would highly recommend the REDLINE Design Group to any business interested in designing or re-designing their office space and would gladly serve as a reference at any time in the future. We thank you all again for being a part of our team throughout the process. Good luck on your continued success.

Sincerely,

WEDGE Capital Management L.L.P.

John G. Norman
